AL MAR KNIVES

Since 1979, Al Mar Knives has been committed to making unique designs at quality levels that rival custom, hand-made knives. Today, each knife crafted by Al Mar is hand-finished and hand-sharpened by craftsmen dedicated to creating the very best possible. All Al Mar Knives feature flat-ground blades for strength and superior performance — and that's just one reason to trust the Al Mar name. At Al Mar Knives,

A Warrior's Edge™ means Factory Perfection™.
